

PUXTON PARISH COUNCIL

At the Heart of the North Somerset Levels

SERVING PUXTON & HEWISH

ANNUAL PARISH MEETING May 12th 2016 - 8pm - The Village Hall

This is an open forum for everyone in the Parish to express their views, their concerns and their aspirations in relation to the betterment of our community. A few of the most obvious topics that might come up are suggested here. Do you have other things you want to see raised? If you do, come along to the meeting. To get a topic on the agenda, please contact our Clerk, Don Hill (see below).

We Need More Parish Councillors

The Parish currently has four Councillors; it is allowed up to seven. Would you like to be one of the seven? With a good and determined team, it can be a thoroughly rewarding job. If you are interested, contact the Parish Clerk (see below). He will explain what is involved and can share your interest with the existing Councillors.

Community SpeedWatch

Speeding motorists are often unaware of the impact of their actions. Community SpeedWatch gives locals the ability to get involved in road safety. It is a partnership between Community, Police and Local Authorities, and can be set up in any area, governed by a 20, 30 or 40 mph speed limit. SpeedWatch volunteers monitor speeds with specialist equipment. They are trained, and provided with high visibility jackets. Information gathered is used to target enforcement and education. Repeat offenders receive up to two warning letters. Persistent offenders can expect further Police action. PCSO Gary Lewis needs a co-ordinator and other volunteers. **Is anyone willing to put themselves forward as a coordinator or volunteer?** If so, please contact The Clerk (see below) in the first instance.

Wick Road Solar Farm

Elgin Energy promise a community benefit of some thousands of pounds. If this is paid, how should we best manage it?... what might we spend it on?

The Village Hall

Is the future of our hall secure? What can we do to be sure it is used more?

Puxton Lane Bridge

When will we ever see our lovely old bridge repaired?

THE A370
