

PUXTON PARISH COUNCIL

Puxton & Hewish

Clerk: Donald Hill

18 Mitford Slade Court, Mendip Road, Yatton, Somerset BS49 4JG
Tel: 01934 835578 Mobile: 07774 125578 e-mail: clerk@puxtonparishcouncil.org.uk
Website: puxtonparishcouncil.org.uk

You are summoned to a Council Meeting on Thursday 3rd January 2019 at 7.30pm in The Village Hall

All are welcome, unless precluded by a procedural resolution. You will not be entitled to speak, except within the Public Session

Don Hill - Clerk

AGENDA & AGENDA NOTES

There continues to be a vacancy for the cooption of a Councillor

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTEREST AND DISPENSATIONS

3. **PUBLIC SESSION - 15 minutes:** Residents may raise matters affecting the parish.

4. **WARD COUNCILLOR'S REPORT** - Cllr Leimdorfer

5. **MINUTES OF LAST MEETING** - 6th December 2018 to be agreed, and signed by Chair.

6. MATTERS ARISING NOT DEALT WITH ELSEWHERE

7. NORTH SOMERSET COUNCIL MATTERS

Maysgreen Lane Parking: Re the perceived risks posed by residents parking on the highway outside their houses running from Palmers Elm towards the Hall, NSC say there are not any recognised safety issues here. Obviously a vehicle large enough to cause an obstruction would be a problem if it was regularly parked rather than simply delivering. If there were a demonstrably dangerous situation, the way to restrict parking would be to put down yellow lines. From the neighbourhood goodwill point of view this would perhaps be a contentious solution as things stand.

8. OTHER MATTERS

NSC Plan to 2036: The PPC response is **attached** as a suggested appendix to the minutes.

Bristol Airport Expansion Plans: a document was pre-circulated to Members.

Road Safety: A summary of recent correspondence was pre-circulated to Members.

9. FINANCE

2018-19 Accounts: pre-circulated with meeting papers.

2019-20 Draft Budget:

Cheques: 100231 Staples via D Hill re Filing Cabinet £121.50

10. PLANNING (*Latest Enforcement Report December 2018*)

Decisions Due: 18/P/4721/FUL Heathfield pitches. 18/P/4899/FUH Briarfield dormer.

Appeal Dismissed: 18/P/2612/FUH - Rosemary Cottage, Wick Lane, West Hewish Extension over garage.

Granted: 18/P/4760/FUH Oakacre Garage.

11. COUNCILLORS' REPORTS

12. OTHER ONGOING ITEMS BEING MONITORED BY CLERK

Puxton Road Drainage at Wyndham Grange: Item 17 on job list : **Puxton Lane Grip:** : **Puxton Rd sign by Puxton Lane junction:** Clearly visible, but temporarily placed on bank : **Puxton Lane:** Wall near Appletree Cottage: with NSC Structures : **A370 Footpath:** 1st section start date due. **A370 near Wick Lane Junction/Bus Stop - Central Refuge/Crossing:** Confirmation of timetable awaited. : **Oldbridge River Bridge:** Timetable and interim safety measures awaited : **Puxton Gully at Council Houses:** Continue to put pressure on for action

Completed: **Potholes:** Maysgreen/Puxton Rd; patching due 20/22 Dec :

13. **DATE OF NEXT MEETING** Thursday 7th February 2019, at 7.30pm, in the Village Hall.

Minutes of the Parish Council Meeting held on 6th December 2018 at 7.30pm in the Village Hall

Present: Cllrs Sue Popperwell, Jim Corbett, Peter Penfold, Lynda Redding

In Attendance: Cllr Tom Leimdorfer (NSC), Don Hill (Clerk)

Public Attendance: 0

114/18 APOLOGIES FOR ABSENCE - Cllrs Jim Howard and Clayton Penfold.

115/18 DECLARATIONS OF INTEREST & DISPENSATIONS - None

116/18 PUBLIC SESSION - no public attendees

117/18 REPORTS -

Ward Cllrs Report - Cllr Leimdorfer

There was no formal report, as Cllr Leimdorfer has been away. However, key points to note are the enlargement of the Weston-super-Mare Conservation Area, and various changes to transport services. There was a presentation to NSC about the future of Weston Hospital. Much of the planning is still under wraps, but the future of the hospital is assured. It is the precise range of specialisms and general hospital services that are being reviewed, with any specialisms being able to attract the more experienced doctors and consultants that Weston has, in the past, had difficulties in recruiting. More specific information will emerge during next year.

TrueSpeed - Andy Moore

The meeting papers included digests of the current problems at Gigaclear and of the TrueSpeed offer. There are continuing uncertainties re a revised Gigaclear timetable. Given that TrueSeed, uniquely, offer fibre to the home via leases on Western Power and BT poles rather than via underground excavation, they reckon to connect homes within about six months of work starting. There is no up front cost from the community, but TrueSpeed will not commit to starting a community installation until they have a sign-up of 30% of that community to the project. The consumer commitment is to an 18 month fixed price contract at £47.50 per month, which includes broadband at a full 200mb/s and a telephone line, which can carry the customer's existing telephone number. The school and Village Hall are provided with a free service. TrueSpeed are a local company, based in Keynsham. They have some £75million of backing, which includes involvement from Aviva. Several immediately surrounding parishes are signed up or fully operational. Andy will supply an A4 poster for the noticeboard. **Clerk will put a piece about this alternative broadband offer in the next Community News.**

118/18 MINUTES OF LAST MEETING - 1st November 2018 were agreed, and signed by Chair.

119/18 MATTERS ARISING NOT DEALT WITH ELSEWHERE - None

120/18 NORTH SOMERSET COUNCIL MATTERS

A370 near Wick Lane Junction/Bus Stop - Central Refuge/Crossing: The offer of a £4,600 contribution is with NSC. Re a grant, National Grid pointed to the rule the November meeting noted; "We do not fund... any work that is the responsibility of statutory organisations such as... local councils". NG appears not to be an avenue for grant funding in relation to this project.

Puxton Lane - Oldbridge River Bridge: Clerk visited NSC structures with NSC Area Officer yesterday and was supplied with plans for a replacement bridge. Members would love to preserve the old but, perhaps reluctantly, accept that the design of a new bridge - amortisation period 60 years - has to comply with current regulatory design criteria and cope with 60 years worth of future-proofing. It will cost some £250,000; will take 2.5 months to build, will span the full width of the river, eliminating the present pinch point and, ergo, reduce flood risk. It will be clad in sympathetic local material approved by the North Somerset Levels Internal Drainage Board. It will be wide enough to accommodate pavements under which will be the now required ducts for service lines; it will be wide enough to avoid damage to it's side rails which has been significant in forcing the demise of the existing bridge; it's carriageway can be limited to the minimum stipulated for the passage of 7.5 ton vehicles (3500 v the present 2500). Result, a non-hump back bridge of a regulatory standard, to cope with the next 60 years, with a pedestrian passageway (not currently there), with width restrictions that can be adjusted in future years as needed and as acceptable to the community of the day. In being sensitive to the demands of 'progress', the meeting accepted that the project as presented must be accepted on a 'needs-must' basis. Serious concern was voiced about user safety in the interim, as there are now no side rails to the existing bridge. **Clerk to relay this concern to NSC and seek some interim warning/safety measures.**

Puxton Gully at Council Houses: Clerk read a letter from the most affected resident and told of a telephone call from them to the Clerk this very evening, resulting from NSC having told them the gully had been cleared a year ago. This was wrong information. Given that they have had to resort to getting into their neighbouring gardens to gain access to the road during heavy rains, the meeting asked the **Clerk to press for VERY urgent action via Cllr Leimdorfer.**

121/18 OTHER MATTERS

Police: carried out speed enforcement in November; including Hewish 40mph zone.

St Andrew's School Congresbury: The PPC consultation response has been noted by NSC, as has recognition of the dichotomy between securing sufficient places and balancing the budget.

NSC Plan to 2036: This is out for initial consultation until December 10th, with a range of questions, some of which the meeting agreed it will be appropriate for the Council to make a submission on. The parish of Puxton is on a flood plain and has no settlement boundaries. It has therefore tended to be discounted for development purposes. However, with changes at Banwell, with a possible change to the community hierarchy structure and questions relating to such things as holiday cottages, there are matters that concern Puxton Parish in relation to their ability to build and maintain the infrastructure to hold the area together as a community for the future. This would not be large scale development, but the provision of appropriate - including affordable - homes, and the development of job opportunities that might encourage younger age groups to stay-in or move-in to the Parish. The time reach of the plan requires a long view of Parish needs and opportunities rather than a plan for immediate implementation. The meeting agreed that the **Chair and Clerk will prepare and submit a consultation response by Monday next.**

122/18 FINANCE

Filing Cabinet: Members agreed that Clerk should purchase one for use by the Council and the Hall Management - two draws each - to replace the existing damaged Hall cabinet.

2018-19 Accounts: pre-circulated with meeting papers, reviewed and noted.

2019-20 Draft Budget: Precept information has to come from NSC before a formal budget can be presented. However, the meeting looked at a preliminary set of figures that included the generation of funds to pay the Parish contribution to the A370 central reservation (see November Minute 107/18). There was concern expressed over the effect any precept increases will have on lower-income households and the urgent need to address the the balancing of that against the need to effect improvements for pedestrian - especially child - safety on the A370. Formal consideration of the draft budget will be given at the January 3rd meeting.

Cheques: 100228 Adrian Leonard, Parish Maintenance £160 **100229** cancelled **100230** HMRC re PAYE £151.00

123/18 PLANNING (*Latest Enforcement Report September 2018*)

New: 18/P/4760/FUH Oakacre, Bristol Rd, Garage. 18/P/4721/FUL Heathfield Pk new pitches. 18-P-4899-FUH Enlargement of front dormer to facilitate replacement compliant internal staircase.

No objections to these three applications.

Appeal: 18/P/2612/FUH - Rosemary Cottage, Wick Lane, West Hewish Extension over garage.

124/18 COUNCILLORS' REPORTS

Cllr P Penfold: Mud on Roads: Members were seriously alarmed by the amount of mud and slurry on the lanes relating to muck spreading activity - the worst they have ever known and totally inexcusable. Clerk reported that our Area Officer has the problem in hand. Photos have been taken and the offending operatives are being contacted. Mud signs have gone up pending clearance of the mud.

Cllr Corbett: Parish Maps: Fascinating 1949 Ordinance Survey section maps of Puxton Parish - similar to the 1885 series OS Map the Parish owns under the custody of Cllr Corbett. He also produced copies of a hand-drawn 1995 print of the Parish. The meeting became somewhat animated by these exhibits and had to be called to order to progress the agenda! Cllr Corbett will hold these additional maps with the Parish Map and was warmly thanked for sharing them.

Maysgreen Lane Parking: Many large vehicles come off the A370 at the Maysgreen Lane junction. They are immediately confronted by a sharp, blind bend. Cllr Corbett showed a photograph of how dangerous the parking is through this bend, forcing traffic from the A370 into the path of oncoming traffic through the bend: he fears there is an accident waiting to happen. This fear was not so strongly held by other members, but the Clerk will share the worry with the Area Officer and the responsible NSC Highways officer. **The Puxton Road Blocked**

Gully: This was originally raised by Cllr Corbett at the start of the year, and remains a worrying concern. Action will be taken by the Clerk as at Minute 120/18 above.

Cllr Redding: Bristol Airport PR/Reception Event: This revolved around a presentation of the extension plans that will raise capacity from 10m to 12m passengers per year. Current passenger throughput is 8m passengers per year. Concerns re parking, noise, traffic, and global warming were raised. The airport itself is working towards becoming a carbon neutral zone; the issue of pollution from flights lies with the airlines. Traffic issues are mainly an NSC responsibility, and the Airport works closely with NSC on these. To put the complaints into a more positive context, the point was made, from the floor, that the strategic importance of the Airport in terms of convenience, jobs and regional development must be set as a balance to people's preference for quiet and for uncluttered roads.

125/18 OTHER ONGOING ITEMS BEING MONITORED BY CLERK

Puxton Road Drainage at Wyndham Grange: Item 17 on job list : **Puxton Lane Grip** : **Potholes:** Maysgreen/Puxton Rd; patching due 20/22 Dec : **Puxton Rd sign by Puxton Lane junction:** Clearly visible, but temporarily placed on bank : **Puxton Lane:** Wall near Appletree Cottage: with NSC Structures : **A370 Footpath:** 1st section start date due.

Completed: **East Hewish Rail Crossing Grit Bin:** in place : **Public Sewage Service:** No mains sewage across Puxton and none planned.

126/18 DATE OF NEXT MEETING Thursday 3rd January 2019, at 7.30pm, in the Village Hall.

The meeting closed at 9.20pm

PAGE 16 – CENTRAL PARISHES

Q6. (Central Parishes) Do you agree with these or are there other challenges or issues which we have not included and how might the Local Plan address these?

The Parish of Puxton (the villages of Puxton & Hewish) is not provisioned for within this plan. It is a busy Parish, adjacent to the area's busiest motorway junction, on a critical highway artery through North Somerset. It is a small but vital community of homes and businesses. It appears that it is to go forward to a time approaching the mid-point of this century with nothing provisioned for in terms of its future. This despite the possible infrastructural pressures resulting from the the proposed Banwell Garden Village and bypass projects immediately to our south.

Puxton – never known to have been flooded - is on a tidal flood plain and has no settlement boundaries. It has therefore tended to be discounted for development purposes over the years. However, there is likely to be pressure, during the coming decades of the plan period, for small scale development within the Parish, even if just to hold itself together as a vibrant community. Our concerns have prompted us to provide further comments relating to settlements, below.

PAGES 19 – 23 SETTLEMENT HIERARCHIES

Q8. What are your views on the options for a revised settlement hierarchy?

Nowhere within North Somerset should be excluded from the North Somerset hierarchical map. Everywhere counts. Everywhere matters, both to those living and working there, and within the total North Somerset community context. Without a hierarchy slot for each of the presently excluded areas, those areas will have no capacity to exercise any community 'flex' - however minimal – over another long stretch into the future. Recognition of and provisioning for the needs of that future should be signalled within the proposed hierarchy restructuring.

PAGES 24 – 37 SETTLEMENT BOUNDARIES

Q9. What are your views on the options for revised settlement boundaries?

Please provide a hierarchy with slots for all areas of North Somerset – those with settlement boundaries and those without. This will recognise the possible small scale developmental needs that may well evolve during the plan period, which will be steering us through increasingly complex times.

PAGE 86 AFFORDABLE HOUSING

Q41. Do you have any views on the review of affordable housing policies?

Small rural parishes need affordable housing to be provisioned for, not as a spin off from major urban housing developments, but as a strategic imperative to preserve the sinews of the rural community. This does not appear to be recognised within this version of the plan..

PAGE 89 FLOOD RISK

Q48. Do you have any views on our intended approach to flood risk?

The last paragraph of this section reads as a rather casual write-off of our community – which lies on a key north south route through North Somerset.

PAGE 90 HOLIDAY ACCOMMODATION

Q50. Do you have any views on the conversion of holiday accommodation to residential use in the countryside? What approach should future policies take?

PAGE 91 ELECTRIC VEHICLE CHARGING POINTS

Q52. What are your views on our proposed policy approach to electric vehicle charging points?

We have many businesses along our two mile stretch of the A370 that would provide attractive customer-draws if they installed charging points – particularly if the charging costs were refundable against purchases. It will come – but now the vehicle purchase subsidies are gone, maybe some form of retail inducement to install charging points might emerge?

PUXTON PARISH COUNCIL INCOME & EXPENDITURE: 1st April 2017 - 31st March 2018 (Precept £6960 : CT Support Grant £128.61)
